We may collect Usage Information from you in the following ways:

Cookies: From time to time, we may use "cookies" to keep track of your visit and your use of the Web Properties. Such third party services may use cookies and similar technologies to collect and analyze information about use and to report on activities and trends. Such services may also collect information regarding the use of other websites, applications, and online resources. For more information about Google Analytics, please go to www.google.com/policies/privacy/partners/. You may download the Google Analytics opt-out browser add-on at <https://tools.google.com/dlpage/gaoptout>.

Web Beacons: Some of our web pages and electronic communications may contain images, which may or may not be visible to you, known as Web Beacons (sometimes referred to as "clear gifs"). Web Beacons collect only limited information that includes a cookie number; time and date of a page view; and a description of the page on which the Web Beacon resides. We may also carry Web Beacons placed by third party advertisers. These Web Beacons do not carry any Personal Information and are only used to track usage of the Web Properties and activities associated with the Web Properties.

Unique Identifier: We may assign you a unique internal identifier to help keep track of your future visits. We use this information to gather aggregate demographic information about our visitors, and we use it to personalize the information that you see on the Web Properties and some of the electronic communications you receive from us. We keep this information for our internal use.

Use of Collected Information

provide services to you, for our internal business purposes, and to develop new features, functionality, and services.

3. To personalize your experience on the Web Properties.
4. To communicate with you and to inform you about our and our trusted third parties' products and services. We and/or any of our third party service providers may send you and keep you updated with information about existing and new services, products, features, and special offers, by email, telephone, mail or by means of any other contact details that you provide to us or our affiliates, or to our third party service providers.

When Information Is Disclosed

We might disclose Personal Information and/or Usage Information when required by law or in the good-faith belief that such disclosure is necessary to: (1) comply with legal processes and applicable law; (2) enforce this Privacy Notice; (3) take precautions against liability and respond to any claim that any document, image, graphic, logo, design, audio, video, audio-visual material, photos, commentary or any other information provided to, from or on the Web Properties by you violates the rights of third parties; (4) assist government enforcement agencies; (5) protect our rights, property, or the safety or the rights, property, or personal safety of our visitors and the public, which includes exchanging information with other companies and organizations for the purposes of fraud protection and credit risk reduction, and, if required by law, disclosing information to U.S. federal and state governmental agencies; or (6) investigate potential unauthorized access or misuse of the Web Properties or otherwise enforce or apply our Terms of Use and other agreements.

We use reasonable precautions to keep the information that is disclosed to us secure. We may provide Personal Information and Usage Information to our subsidiaries, affiliated companies, and other businesses or persons for the purposes of processing such information on our behalf and promoting the goods and services of our trusted business partners, some or all of which may store some or all of your information on servers located outside of the United States. We require that these parties agree to process such information in compliance with our Privacy Notice or in a similar, industry-standard manner, and we use reasonable efforts to limit their use of such information and to use appropriate confidentiality and security measures. The use of your information by one of our trusted business partners may be subject to that party's own privacy notice.

We may now or in the future share Usage Information with third parties to demonstrate the usage patterns for advertisements, content, functionality, promotions, and/or services on the Web Properties and/or on third party websites.

In addition to the other rights described herein, we have the right to exploit, share, and use, for any purpose, the collected Personal Information in an aggregated, anonymized form, such that you are not individually identified (collectively, "De-identified Data"). Except as otherwise set forth in this Privacy Notice, we may continue to exploit, share and use De-Identified Data after you deactivate or cancel your User Account.

We reserve the right to transfer your Personal Information, as well as any information about or obtained from you, in connection with the merger, sale or other disposition of all or part of our

business and/or assets. We cannot make any representations regarding the use or transfer of your Personal Information or other information that we may have in the event of our bankruptcy, reorganization, insolvency, receivership, or an assignment for the benefit of our creditors. You expressly agree and consent to the use and/or transfer of your Personal Information or other information in connection with a sale or transfer of some or all of our assets in any of the above described proceedings. Furthermore, we cannot and will not be responsible for any breach of security by any third parties or for any actions of any third parties that receive any of the information that is disclosed to us.

We may disclose your Personal Information for any purpose disclosed by us when you provide the information. We may also disclose your Personal Information with your permission or as directed by you.

User Account, Password and Security

We may now or in the future allow you to create a User Account. For certain features available through the Web Properties, including use of your User Account, we may require the use of encryption technologies provided for your protection. We use reasonable precautions to protect the privacy of your username, password and User Account information and to ensure that information collected through the Web Properties is not lost, misused or altered inappropriately by administering security measures. You are ultimately responsible for protecting your username, password and User Account information from disclosure to third parties, and you are not permitted to circumvent the use of required encryption technologies.

While we may provide certain encryption technologies and use other reasonable precautions to protect your confidential information and provide suitable security, we do not and cannot guarantee or warrant that any information transmitted through the Internet is secure, or that such transmissions are free from delay, interruption, interception or error.

Information from Children

The Web Properties are not intended or designed to attract children under the age of thirteen (13). You will need to affirm that you are more than eighteen (18) years of age, you are an emancipated minor, and are fully able and competent to enter into the terms, conditions, obligations, affirmations, representations, and warranties set forth in this Privacy Notice, and to abide by and comply with this Privacy Notice. In any case, by using the Web Properties, you affirm that you are over the age of thirteen (13), as **THE WEB PROPERTIES ARE NOT INTENDED FOR CHILDREN UNDER THIRTEEN (13) WHO ARE UNACCOMPANIED BY THEIR PARENT(S) OR LEGAL GUARDIAN(S).**

Parents and legal guardians should be aware that this Privacy Notice will govern our use of Personal Information, but also that information that is voluntarily given by children -- or others -- in email exchanges, bulletin boards, or the like, may be used by other parties to generate unsolicited communications. We encourage all parents and legal guardians to instruct their children in the safe and responsible use of their Personal Information while using the Internet.

Privacy Outside the Web Properties

The Web Properties may now or in the future contain various links to other websites, including, but not limited to, Facebook, Instagram, Twitter, Pinterest, Vimeo, and SoundCloud, among others, and may contain advertisements of third parties. We are not and cannot be responsible for the privacy practices or the content of any of those websites. Other than under agreements with certain reputable organizations and companies, and except for third party service providers (as described in this Privacy Notice), we do not share any of the Personal Information that you provide to us with any of the websites to which the Web Properties link, although we may now or in the future exploit, share and use De-Identified Data with those other third parties. Please check with those websites in order to determine their privacy policies and your rights under them.

We may use the services of third party service providers, for example to process payments and other transactions or to provide analytics services. By using our Web Properties, you grant us all necessary rights and consents under applicable laws to disclose to our third party service providers -- or allow those third party service providers to collect, use, retain and disclose -- any Personal Information for purposes of providing services to you, including data that we may collect directly from you using cookies or other similar means.

European Union Users

If you are visiting us from the European Union, please note that we may collect, transfer and continue to use your Personal Information outside the European Union for any of the purposes described in this Privacy Notice. By using the Web Properties and providing us with your Personal Information, you consent to our collection, transfer and continued use of your Personal Information in accordance with this Privacy Notice and our Terms of Use.

Social Features

Certain functionality on the Web Properties is specifically designed to permit interactions that you initiate between the Web Properties and third party websites or services, including third party social networks ("Social Features"). Examples of Social Features include enabling you to "like" or "share" our content on the Web Properties to other websites or services.

If you choose to use Social Features, information that you post or provide access to may be publicly displayed on the Web Properties or by the provider of the Social Feature that you use. Similarly, if you post information on a third party platform that references NFLM or any of its affiliates (for example, by using a hashtag associated with NFLM or mentioning us in a tweet or status update), your post may be published on the Web Properties in accordance with the terms of the third party website or service. In addition, NFLM, its affiliates and the third party may have access to certain information about you and your use of the Web Properties and the third party site or service.

The information that we collect in connection with Social Features is subject to this Privacy Notice. The information collected and stored by third parties remains subject to those third parties' privacy practices, including whether the third parties continue to share information with us, the types of information shared, and your choices with regard to what is visible to others on those third party websites or services. You should review the applicable privacy policies for these third party Social Features providers.

Choices with Your Personal Information

Whether you submit any Personal Information to us is entirely up to you. You are under no obligation to provide any Personal Information to us. However, this information is essential for the provision and quality of some of the services that we offer to you, so we cannot provide you with certain services or provide you with access to certain features if you choose to withhold requested information, for example providing features that require your payment information.

You may choose to prevent us from disclosing or using your Personal Information under certain circumstances ("opt out"). You may opt out of any disclosure or use of your Personal Information for purposes that are incompatible with the purpose(s) for which it was originally collected or for which you subsequently gave authorization by notifying us by one of the methods at the end of this Privacy Notice, or by following the procedures set forth in an electronic communication from us, if applicable. Furthermore, even where your Personal Information is to be disclosed and used in accordance with the stated purposes in this Privacy Notice, you may elect to opt out of such disclosure to and use by a third party that is not acting as our agent. There are some uses from which you cannot opt out, such as to provide products, features or services that you have requested from us.

Access and Correction

Please contact us in the manner specified at the end of this Privacy Notice to access your Personal Information in our possession and correct inaccuracies of that information in our records. We ask individuals to identify themselves and the information requested to be accessed and amended before processing such requests, and we may decline to process requests in limited circumstances, as permitted by applicable laws, rules and regulations.
